

ENGAGE

LAKE WALES, HIGHLAND PARK & HILLCREST HEIGHTS

A conversation focused on your city, your community, and your county. We want to hear your thoughts, learn from your experiences, and provide the opportunity for you to share your desires and vision for the future.

By understanding the aspirations and challenges of those who live, learn, work and play in Lake Wales, Highland Park, Hillcrest Heights and across Polk County, we can develop strategies and align resources to make the shared vision of improved community prosperity a reality.

Together we can make it happen!
