
#GI♥INGTUESDAY

Join the movement & give back today!

We hope that you will consider giving back to Webber International University today in honor of Giving Tuesday, an international day of giving, to kick-off an exciting project, the redesign of our classrooms.

The goal is to redesign our learning spaces to emphasize the role that our students play in making connections and developing ideas, solutions, and questions. Thanks to the planning efforts of Professor, Dr. Tom Aaron, and the generosity of several donors, the renovations of Classroom 201 are currently underway! We are adding glass boards, high-tech projectors, furniture that facilitates rapid reorganization of the classroom, wireless technology and much more.

However, this project is quite costly! Classroom 201 is only the beginning...we have 9 other rooms to follow in order to offer these opportunities to students in every single classroom. How awesome would it be to have a classroom named in honor of your company or your graduating class? We can make that happen! And if you can only donate \$20 or \$50, no matter the amount, your gift will make a difference for the future of our students' classroom experiences. What better way to support your alma mater and Giving Tuesday by supporting this much needed project?

If you have questions about the project or would like to learn more about sponsoring a classroom, please contact Jennifer at muellerjj@webber.edu or by calling 863-638-2918.
