

# PEDALING HOME

*for the holidays*

We need your help!

There's a special bond between kids and bikes that can never be broken. Riding a bike is a rite of passage, a passport to worlds beyond the front lawn. Bikes represent fun, freedom, and fresh air -- everything that's good about being a kid. Moreover, biking is a healthy pastime that kids will never outgrow (Parents.com).

Century 21 At Your Service Realty agrees with this 121%, so we are working with local law enforcement to provide 121 bicycles to elementary students in East Polk County this Christmas!

But we cannot do it alone...we need help from our community! We are asking that you think back to the excitement of receiving a bicycle for Christmas...how it felt spending time with your friends riding to the local park or maybe to go fishing.

And if you can find it in your heart, please contribute to this cause. Every penny counts, so donate what you can! The kids in our community will be grateful!

Thanks so much and have a wonderful holiday season!
