

Online Degrees Offered at Webber International University

If you have been looking for a university where you can complete a Bachelor's Degree or a Master's Degree completely online but still have access to the benefits of a brick and mortar college, remember to look in your own backyard in central Florida!

Webber International University has been educating students since 1927. We are a non-profit organization accredited by the Southern Association of Colleges and Schools (SACSCOC). Webber International University is located on the beautiful shore of Crooked Lake.

We focus on a worldwide business environment, modern business practices and entrepreneurship, but we are also so much more! We have a program that caters to the non-traditional student and offer a fully online program for many of our degrees. Our online students also benefit from having full access to the professors and resources on campus as well as IT support to help you along your way.

Online students can complete their undergrad degrees in Computer Information Systems, Criminal Justice Management, Finance, General Business Studies, Sports Business Management, and even our newly launched Bachelor of Arts in Psychology! Take a look at information about this new degree offering [here](#). If you already have an undergrad degree and are ready to even further your education but are not able to commit to a traditional on ground program you can complete your Graduate Degree with us in Criminal Justice Management or International Business, or do a traditional MBA. You can view additional information about our online programs [here](#).

From application to graduation you will experience individualized attention from all of our departments. In addition, 95% of our students receive some form of financial aid, including grants, state and federal aid. An array of both merit and academic scholarships are available. All of our applicants benefit from an individual financial planning meeting with our experienced Financial Aid Department.
