For Immediate Release

RE: Digital Photography: You Can Take Pictures with Anything

Do you have an interest in photography, or would you just like your cell phone pictures to capture more than a blurry image?

The Lake Wales Public Library's Lifelong Learning Series will present *Digital Photography: Take Better Pictures with Anything*. The class begins at 10:00 a.m. in the Library's Schoenoff Meeting Room, Saturday, April 13. The class concludes at 3:00 p.m.

Instructor and professional photographer, Beatrice, will lead students through adjusting camera or cell phone camera's exposure, lighting and cool temperature, comparing cameras and devices along with hands-on photographing.

To view Beatrice's portfolio visit www.theelopementphotographer.com.

This class is limited to 15 registered students, there is a \$5 fee. Register at the library's front desk or call 678-4004, extension 221 for payment details. A light lunch will be served.
